Celebrity Twitter Update: Los Angeles Earthquake Edition

May 2nd, 2009

When a 4.4 magnitude earthquake hit the Westlake Village area in Los Angeles on Friday evening (May 1), celebrities in the region were quick to post messages about it on Twitter.

According to the [Los Angeles Times](#), the earthquake struck at 6:11pm approximately seven miles from Malibu, and could be felt in the San Fernando Valley and Ventura County.

Here's what some of the twilebrities posted shortly after the quake occurred:

[rainnwilson](#) EARTHQUAKE! Walter and I crawled under our big kitchen table (built by Parks and Receptions Nick Offerman, interesting tidbit!) We lived!

OMG! Swarm of Locusts! It's the apocalypse! My DirecTV is out!

[trvsbrkr](#) 4.3 earthquake. Anybody feel it?

[brookeburke](#) Just felt an earthquake in Malibu. Our stools were vibrating. Always freaky!

[RyanSeacrest](#) ok we just had one is that all or more you think? equake weather!

[tonyhawk](#) earthquake!

[markhoppus](#) i totally didn't feel the earthquake. i feel like i didn't invited to the party, like i didn't get picked for kickball...

Map of the Internet

If you listen to noise...

The screenshot shows a Twitter search interface for the query "swine flu". The search results are displayed in a list format, with each tweet including a profile picture, the user's name, the tweet text, and the time it was posted. The tweets are sorted by recency, with the most recent ones appearing at the top. The search results are titled "Realtime results for 'swine flu'" and show that 29 more results were found since the search was initiated. The search bar at the top contains the text "swine flu" and the search button is labeled "Search". The Twitter logo is visible in the top left corner. On the right side of the page, there are several utility links: "Feed for this query", "Twitter these results", "Show tweets written in: Any Language", "Translate to English", "Trending topics" (listing Adam Lambert, Kris Allen, #RPattz, American Idol, #getaway, Star Trek, #Jonasparanoid, Biggest Loser, Fringe, and Danny Gokey), and "Nifty queries" (listing cool filter:links, "is down", and movie :)).

Food Outbreaks: Healthy Products not Immune

Yesterday's New York Times article "Outbreaks Put Worry on the Table" first lines states, "every few weeks, it seems, deadly germs turn up in the food supply," US Food Safety acknowledges this. Since launching last November, we've experienced three major food recall cycles. The article sites various examples of people getting ill from eating a salad, [...]

The FDA Peanut-Containing Product Recall widget allows you to browse the Food and Drug Administration (FDA) database of peanut butter and peanut-containing products subject to recall. This database makes it easier for you to determine whether any of the products you have at home are subject to recent recalls, and will be updated as new information becomes available.

Copy This Code for FDA Peanut-Containing Product Recall:
